RECEIVED

JUN 04 2002

PRELIMINARY AMENDMENT UNDER 37 CFR §1.115 Technology Center 2100

Before examination of the above-referenced application, please enter the amendment as provided herein.

In the claims:

Please amend claim 1 as indicated in the **appendix A** section of this paper, and add new claims as indicated below. The **clean version** of claim 1 and the **new claims** read as follows:

1. (Amended) A method for exchanging documents in transactions between partners that are joined in an exchange network, the partners communicating with each other via a hub entity, the method comprising:

setting up an agreement associated with each document type for each partner that joins the exchange network;

placing in a file receive location a document from a first partner, the file receive location being password protected such that only a partner that provides a correct identity with any document it sends may place that document at the file receive location; and
